

Escalator Steps

Product Advantages

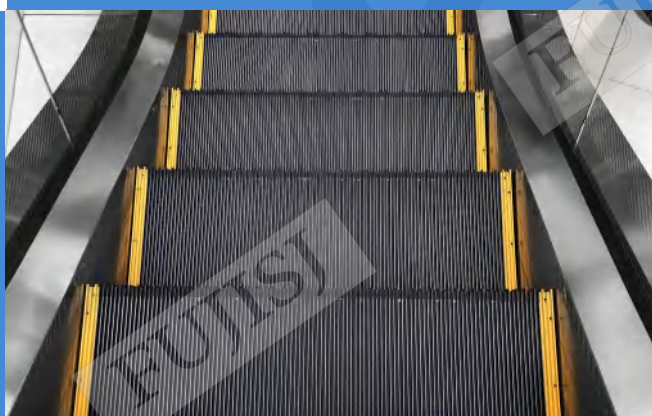

Fine craftsmanship

Whether it is a step made of stainless steel stamping or an aluminum alloy die-casting, it is light in weight, strong in rigidity and durable.

Running smoothly

Our steps are of sophisticated workmanship, with small elastic deformation, low noise, strong corrosion resistance and smooth operation.

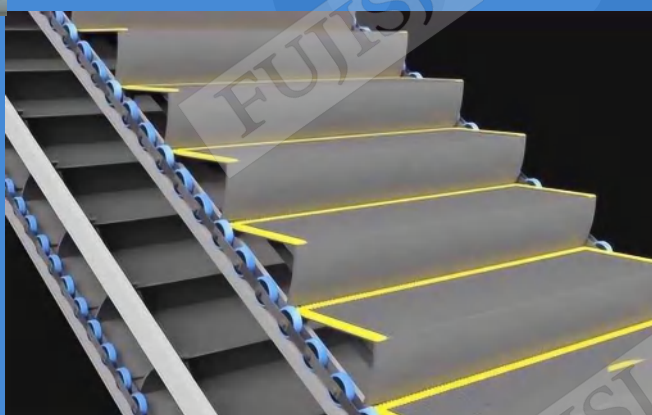

Safe and reliable

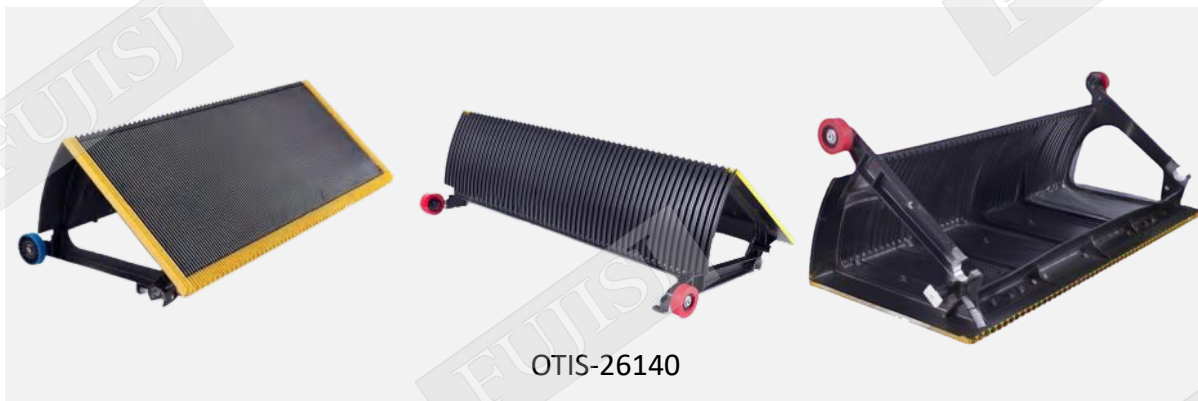

Our steps are reasonably designed and the connectors are safe and reliable, ensuring the safe and stable operation of the escalator.

Easy maintenance

The connection structure between the steps and the step chain is simple and easy to disassemble, making repair and maintenance convenient.
